 SAILING WORLDWIDE

WORLD WIDE SAILOR

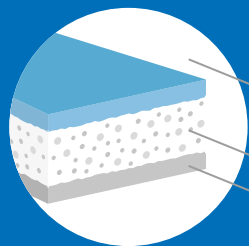

FEATURES

- Extra strong adjustable mast
- Extra large inspection hatches
- Abrasion resistant dagger board rubber
- Drain plug
- Self-draining hull
- Hiking straps

The World Wide Sailor is the best-selling training dinghy in the world. Its strong yet light Trilam PE, UV-resistant hull ensures an excellent sailing performance.

The World Wide Sailor has been especially designed for training sessions, with its extra reinforcements at vital points in the hull. The boat is easy to handle, will always stay afloat and is self-bailing. After capsizing there will be hardly any water left in the cockpit, making the boat extremely safe and efficient during training sessions.

TRILAM[®] 3 YEARS WARRANTY

- PE Coloured Outer Layer
- PE Foam Layer
- PE Inner Layer

The World Wide Sailor can be equipped with many OPTIPARTS fittings, including spars and blades.
